DETAILED ACTION

1. This Office action is in response to the application filed 7/6/06.
Claims 1-14 are presently pending.

Information Disclosure Statement

2. The information disclosure statement (IDS) submitted on 1/10/06 has been fully considered by the examiner as indicated by the accompanying initialed copy of Applicant's form PTO-1449.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-14 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Applicant's independent claim 1 recites "[a] continuously variable transmission assembly ("variator")", and that "the roller being movable in accordance with changes in variator ratio", however it is not clear antecedent basis for "variator ratio" as such and therefore independent claim i is considered to be indefinite.

Dependent claims 2-14 are also included in this rejection because they depend on an indefinite base claim and to not further resolve the above issue.
